Results – Old Lancashire (inc Manchester & Merseyside)

Up until 1986 the Lancashire County Championship was held in January but from then till the end of the old style Lancashire County it was held in December, so in 1986 there were two championships. The December 1986 Championship was the first to feature a club team competition as before that it had been an individual only Championship and was the basis for selecting the teams to represent Lancashire in the Inter County Cross Country Championships.
